### PRODUCT/PHOTO

#### FOOTDEO POWDER – SKIN COLORED WITH PROPOLIS AND LAVENDER OIL JP1603

### PRODUCT CONCEPT

The Footdeo Powder effectively absorbs extra moisture from the feet. Specially designed with a skin color in order to stay invisible. It prevents unpleasant odor due to the extract of propolis, menthol and lavender oil. The powder limits perspiration and sliding of the feet.

**90%** of the ingredients are **naturally derived** according to the criteria of international standard **ISO 16128**.

#### Key product components:

- **Propolis extract** – has a cleansing, antibacterial, anti-inflammatory effect and prevents the development of fungal formations on the skin;
- **Menthol** – cooling and refreshing effect on the skin;
- **Lavender oil** – soothing and deodorizing effect.

### APPLICATION

Apply on clean dry feet and spread with a gentle massage. May be applied directly on socks or shoes.
